Tool: SOAR Process Template

- Nevada has established a SOAR Process with SSA and DDS.
- This guides how SOAR-assisted applications are submitted to SSA and DDS.
- Includes contact information for SSA and DDS representatives.

The screenshot shows a document titled "SOAR WORKS SSI/SSDI Application Process Template for SOAR-Assisted Claims". The SOAR WORKS logo is in the top left, and the SAMHSA logo (Substance Abuse and Mental Health Services Administration) is in the top right. Below the title, it says "Customize this template to fit the needs of your local community". A blue-bordered box contains the introductory text: "Creating a SOAR Process is a collaborative effort between SOAR providers, the Social Security Administration (SSA), and Disability Determination Services (DDS) to establish procedures and expectations for the processing of SSI/SSDI applications submitted by SOAR providers. It is flexible and allows for customization to reflect local preferences (e.g. hand delivery vs. electronic submission, methods of requesting SSA status, etc.). Establishing a SOAR Process helps to ensure that SOAR providers are following procedures agreed upon by SSA/DDS and sets expectations for submission of high quality, complete SSI/SSDI applications." Below this, there are four numbered steps: 1. Gather information on prior/pending claims (if necessary), 2. Set the protective filing date (PFD), 3. Maintain Communication, and 4. Submit the application packet to SSA. Each step includes specific instructions and sub-points. At the bottom, it says "SSI/SSDI Outreach, Access and Recovery (SOAR) Technical Assistance Center" and "March 28, 2018".

SSI/SSDI Application Process Template for SOAR-Assisted Claims
Customize this template to fit the needs of your local community

Creating a SOAR Process is a **collaborative effort** between SOAR providers, the Social Security Administration (SSA), and Disability Determination Services (DDS) to establish procedures and expectations for the processing of SSI/SSDI applications submitted by SOAR providers. It is flexible and allows for customization to reflect local preferences (e.g. hand delivery vs. electronic submission, methods of requesting SSA status, etc.). Establishing a SOAR Process helps to ensure that SOAR providers are following procedures agreed upon by SSA/DDS and sets expectations for submission of high quality, complete SSI/SSDI applications.

- 1. Gather information on prior/pending claims (if necessary)**
 - The SOAR provider will have the potential applicant complete and sign the SSA-3288: *Consent for Release of Information*, if requesting information about a prior or pending SSI/SSDI application.
 - The local SSA office contact will respond by providing requested information about the applicant's prior or pending claims.
- 2. Set the protective filing date (PFD)**
 - The SOAR provider will assist the applicant in setting the PFD via **one** of these methods:
 - Initiating the Online Disability Benefits Application at <https://www.ssa.gov/benefits/disability/> and stopping when reaching the re-entry number screen; or
 - Calling SSA to set an appointment for an in-person or telephone interview; or
 - Visiting the local SSA office with the applicant
 - The SOAR provider now has **60 days** to submit the application.
- 3. Maintain Communication**
 - During the 60-day protective filing period, the SOAR provider will consult with the SSA representative and the DDS contact with any questions.
- 4. Submit the application packet to SSA**
 - Within a **maximum** of 60 days of the protective filing date, the SOAR provider will hand-deliver the following completed forms and documents to the local SSA office contact. (*NOTE: The Online Disability Benefits Application should be completed and submitted 24-48 hours before the paperwork is delivered to SSA.*)
 - SOAR Checklist for Initial Claims (available at <https://soarworks.org/nc/article/soar-tools-and-worksheets>)
 - SSA-8000: *Application for Supplemental Security Income (SSI)* along with any needed supporting documentation
 - SSA-827: *Authorization to Disclose Information to SSA*
 - SSA-1696: *Appointment of Representative*
 - Medical records and collateral information (*may be submitted via fax or ERE**)

Tool: Identifying SOAR Applicants

- Use the tool “*Identifying SOAR Applicants*” to identify who most needs our assistance
- Do not discourage anyone from applying for SSA benefits
 - Plan for alternative service or referral
 - Consider adding your program acceptance criteria

Identifying SOAR Applicants

This tool is intended to help case managers identify adults who are experiencing or at risk of homelessness who may be eligible for Social Security Administration (SSA) disability benefits. While we do not want to discourage anyone from applying for SSA benefits, this tool should help you identify individuals that most need your assistance with their application.

SOAR is designed to serve individuals who are able to apply for disability benefits as an adult under SSA rules. This includes persons 18 years of age or older as well as individuals who are within one month (180 days for youth who are aging out of the foster care system) of their 18th birthday. Individuals age 65 or over with low income and resources may be eligible for SSI based on age or be eligible for retirement benefits based on their work history (individuals aged 62-67, depending on year of birth, may be eligible for early retirement benefits).

Key Eligibility Criteria: *The following 4 characteristics represent key eligibility criteria for SSA disability benefits*

- Applicant has a serious mental illness or exhibits symptoms and/or has serious physical illnesses that affect his/her ability to work at a substantial gainful level (\$1,220/month in 2019)
- The illness(es) or condition(s) have lasted or are expected to last for at least 12 months (or result in death)
- Individual is currently exhibiting symptoms of mental illness or has periods with worsening of symptoms that prevents sustainable employment. For example:
 - Psychotic Symptoms (positive or negative)
 - Depressive Symptoms (decreased energy, lack of motivation, suicide attempts)
 - Manic Symptoms (racing thoughts, disorganized thoughts)
 - Anxious feelings (paranoia, nervousness)
 - Cognitive deficits (brain injury, problems with concentration, memory, etc.)
 - History of trauma (history of abuse, posttraumatic stress disorder, etc.)
 - Other: _____
- For applicants with mental illness, he/she has marked restrictions in at least 2 of these functional areas, or extreme limitations in one area:
 - Understand, remember, or apply information (memory, following instructions, solving problems, etc.)
 - Interact with others (getting along with others, anger, avoidance, etc.)
 - Concentrate, persist, or maintain pace (as they relate to the ability to complete tasks)
 - Adapt or manage oneself (hygiene, responding to change, setting realistic goals, etc.)

SOAR Recommends: *The following characteristics are not essential, but may strengthen an application*

- Applicant is prescribed psychiatric medications and continues to experience symptoms and functional impairments
- Applicant has obtainable medical evidence (for at least part of the past 12 months) that corroborates mental illness and medical complaints. If there is limited medical evidence or large gaps in treatment:
 - Applicant clearly exhibits symptoms severe enough that a one-time examination by a physician would demonstrate issues
 - Representative can write a Medical Summary Report that details symptoms and functional impairments that demonstrates diagnosed disability
- Applicant is not working due to medical and/or psychiatric conditions (i.e. not because he/she cannot find work or was laid off)
 - History of failed work attempts (started and stopped employment due to diagnosed conditions)
 - Long work history, but can no longer work up to SGA (\$1,220/month in 2019) due to conditions
 - Scattered work history due to conditions and other factors

Tool: Steps to Completing an SSI/SSDI Application

- This guide will help you complete an SSI/SSDI application using the SOAR model.
- You have 60 days from the protective filing date to submit a complete application packet to the Social Security Administration (SSA).
- We encourage you to complete the process in less time as you are able.
- These steps are reliant upon the SOAR Process established in your state or community.

Steps to Completing an SSI/SSDI Application using the SOAR Model

This guide will help you complete an SSI/SSDI application using the SOAR model. You have 60 days from the protective filing date to submit a complete application packet to the Social Security Administration (SSA). We encourage you to complete the process in less time as you are able.

Documents needed to complete the process:

- SOAR Checklist for Initial Claims (used as cover sheet of application package)
- SSA-3288: Consent for Release of Information (*optional, see below*)
- SOAR Medical Summary Report (MSR) Interview Guide and Template
- SSA-827: Authorization to Disclose Information to SSA
- Agency Release of Information
- SSA-1696: Appointment of Representative
- SSA-8000: Application for Supplemental Security Income (SSI)
- SSA-16: Application for Social Security Disability Insurance (SSDI)
- SSA-3368: Adult Disability Report

Step One

- If you need to verify whether the applicant has a pending SSI/SSDI application, complete and submit the SSA-3288 or call the local SSA office while with the applicant.
 - The SSA-3288 can also be used to request records from SSA about prior SSI/SSDI applications.
- Assist applicant in setting a protective filing date (PFD) by calling SSA to establish a date for an in-person or telephone interview; OR visiting a local SSA office without an appointment; OR initiating the Online Disability Benefit Application at <https://secure.ssa.gov/Claim/dib> (recommended).
 - Take note, you will need to indicate whether the applicant is with you.
 - If you choose "I am helping someone who is not with me," do not proceed beyond the re-entry number page.
 - If the applicant is with you, choose "I am applying for myself." The applicant will then be prompted to sign-in to, or create, their "my Social Security" account.
- Once the PFD is set, you have **60 days** to submit the application packet to SSA.

Step Two

- Have applicant sign both an SSA-827 and an Agency Release of Information form for each hospital, clinic, and/or doctor's office at which he/she remembers being treated. Fax a signed SSA-827 and Agency Release to each treatment source within 24-48 hours of initiating the application process.
- Contact applicant's primary medical provider and inform them that you are assisting the applicant to apply for SSI/SSDI. Ask for input and let them know you'll be requesting the provider's signature on a summary of how the applicant's illness and symptoms affect his/her ability to work.
- Utilize the Medical Summary Report (MSR) Interview Guide and Template to begin writing the applicant's MSR. Begin this report immediately so that you have the full 60 days to complete it.

Step Three

- Complete and have applicant sign an SSA-1696 appointing you as the authorized representative.
 - Note: Do not submit the SSA-1696 to SSA before completing the initial SSI/SSDI application, as SSA requires an application to be in progress in order to file an SSA-1696.

Organizing Your Effort

- Make a file for each applicant
- Prepare files in advance with intake forms, SSA Forms, SOAR Tools, etc.
 - Include a contact list for SSA representatives, DDS examiners, local medical providers, and medical records departments
 - Create sections for:
 - Medical records
 - SSA/DDS correspondence

Prior or Pending SSA Claims

- ***If*** you need to verify whether the applicant has a pending case at SSA, submit the SSA-3288: *Consent for Release of Information* or call SSA with the applicant
- The SSA-3288 can also be use to request records from SSA about prior SSI/SSDI applications
- If you are certain that the applicant has never filed, or if you don't need information about a prior claim, you can skip this step!

Setting the Protective Filing Date

1. <https://www.ssa.gov/disabilityonline>
2. Click “Start a New Application” and answer some preliminary identification questions
3. Select “I am applying for myself.”*
*The applicant must be with you!
4. If the applicant does not already have a my Social Security account, create one
5. Stop and exit after completing the first tab and receiving a reentry number

Setting the Protective Filing Date

- If the applicant is **not able** to create a my Social Security account and you want to set the Protective Filing Date online :
 - 1) Navigate to <https://www.ssa.gov/disabilityonline>
 - 2) Click “Start a New Application” and answer some preliminary identification questions
 - 3) Select “I am helping someone who is not with me, and therefore cannot sign the application at this time.”
 - 4) Input the required information and **STOP** at the reentry number!
- Note that SSA will mail a copy of the application to the applicant that they will need to sign and return.

Things you should know about Joan Public's application

We may use 01/24/2014 as the official date of this application. In order to use 01/24/2014, we must receive the signed application by 07/25/2014 or Joan Public may lose Social Security benefits.

*Do not proceed beyond this page until you are ready to submit a complete application to SSA!

SOAR Critical Component: Collecting Medical Records

- Gathering medical records *prior to the* submission of the application packet ensures that DDS receives complete information quickly and without duplication of effort
- Start the collection process early and work on other aspects of the application while you are waiting for records
- Building relationships with medical records departments will help you obtain records more quickly and sometimes free-of-charge
- SOAR Tool: Sample Medical Records Tracking Worksheet

SOAR Critical Component: Medical Summary Report

- The MSR is a letter which describes the individual and his/her functional limitations and struggles
 - Supports medical records submitted
 - Illustrates the connection between the applicant's functional limitations and the impairment
- SOAR Tool: Medical Summary Report Interview Guide and Template
 - The MSR Interview Guide helps the case manager identify important questions to answer in the MSR
 - Use the MSR Template to write and format the MSR

Follow Up Support for SOAR Trainees in Nevada

- SOAR Local Leads share Southern Nevada Provider list which includes; address, phone, fax, special requests:
 - Hospitals (Health Information Management Depts.)
 - Detention Centers
 - Behavioral Healthcare
 - Jails/Prisons
 - Drug Addiction Treatment Centers

Submitting the SOAR Application

- This procedure is part of the SOAR program negotiated for your community
- When you drop off the application packet, note whom you delivered it to and confirm that they have everything they need
- Some communities prefer that you fax or upload medical records and the MSR directly to DDS
- Obtain a receipt for the application submission

A Complete SOAR Packet Includes:

1. SOAR Checklist for Initial Claims (used as a cover sheet)
2. SSA-1696: Appointment of Representative form
3. SSA-827: Authorization to Disclose Information to SSA
4. SSA-8000: Application for SSI
5. Online forms: (SSA-16: Application for SSDI and SSA-3368: Adult Disability Report)
6. MSR signed by the SOAR provider as well as the applicant's physician, psychologist or other Acceptable Medical Source
7. Copies of all medical records in chronological order (to be faxed to DDS or submitted using Electronic Records Express (ERE))

Overview of Clark County's SOAR Program

- Clark County SOAR History:
 - Started out as a PATH (Projects for Assistance in Transition from Homelessness) Project Case Manager in 2011
 - Attended 2-day in-person training
 - Successfully completed 3 applications
- In less than a year, eligible PATH clients obtained nearly \$17,000 in back payments and an average of \$698 a month in disability benefits
- In 12 months a total of 26 people were assisted with applying for disability using the SOAR model

Overview of Clark County's SOAR Program

- In 2012, Clark County put out a request for applications (for the distribution of funds that came from document recording fees) called Community Funds.
 - Funds to be allocated to innovative programs that would affect homeless population.
- Community Services NW (CSNW) applied for funds to start a SOAR Initiative and fund a full-time SOAR Coordinator.
- Program strengths were:
 - increased income led to stable housing,
 - relieved local/state programs from supporting individuals, and
 - provided a significant step in an individual's recovery.
- Program has continuously been funded since 2013!

Overview of Clark County's SOAR Program

- SOAR Coordinator position has increased community partnerships and collaborated with the Social Security Administration and Disability Determination Services
- Implemented Clark County SOAR Packets
- Designed a hybrid SOAR training

SOAR Collaboration Meeting October 18th, 2018 Compassionate Allowances

Compassionate Allowances (CAL) are a way to quickly identify diseases and other medical conditions that, by definition, meet Social Security's standards for disability benefits.

These conditions primarily include certain cancers, adult brain disorders, and other terminal illnesses.

The CAL initiative helps reduce waiting time to reach a disability determination for individuals with the most serious disabilities.

Compassionate Allowances follow the same approval process, but allow for a quicker decision based on the following:

- Quick approval-the process is sped up for CAL's in order to expedite funds to the disabled individual
- No extra work required on the application-the application process is the same. The only difference is identifying the disability and SSA recognizing it as a CAL
- Payments aren't instant-while they can happen fast, payments aren't always right away. There may be a need for additional information before payment can begin
- Medicare is awarded after the normal waiting period-A qualified individual still must wait 24 months before receiving Medicare
- Potential eligibility for retroactive payments-someone who qualifies for a CAL could still be eligible for a back-payment to the date their disability began

Share Staff

Share has always been outstanding when it comes to sending their staff to the SOAR trainings, but the training in September was particularly full of Share staff! Share has been dedicated to training their staff as well as ensuring their staff stay up-to-date on the latest information by sending their staff to our bi-monthly SOAR Collaboration Meetings!

Our most recent meeting this month, Share staff took an active part in the conversation about Compassionate Allowances, brainstormed ideas for clients, and sought to better understand ways to better assist their clients who already have disability benefits. They shared how their housing teams work with other case worker's clients within their department on SOAR applications to make sure things good smoothly! This is such a great idea!

Thank you Share for always being so involved in SOAR and for your continued dedication to training your staff! You guys ROCK!

Social Security Updates

Social Security Benefits to Increase in 2019

Each year SSA announces the annual cost-of-living adjustment (COLA). Usually there is an increase in the Social Security and Supplemental Security Income (SSI) benefit amount people receive each month, starting the following January. By law, federal benefits increase when the cost of living rises, as measured by the Department of Labor's Consumer Price Index for Urban Wage Earners and Clerical Workers. This means that when prices for goods and services we purchase become more expensive, on average, the COLA increases monthly benefit levels and helps you keep up with the changing cost of living.

As a result, more than 67 million Americans will see a 2.8 percent increase in their Social Security and SSI benefits in 2019.

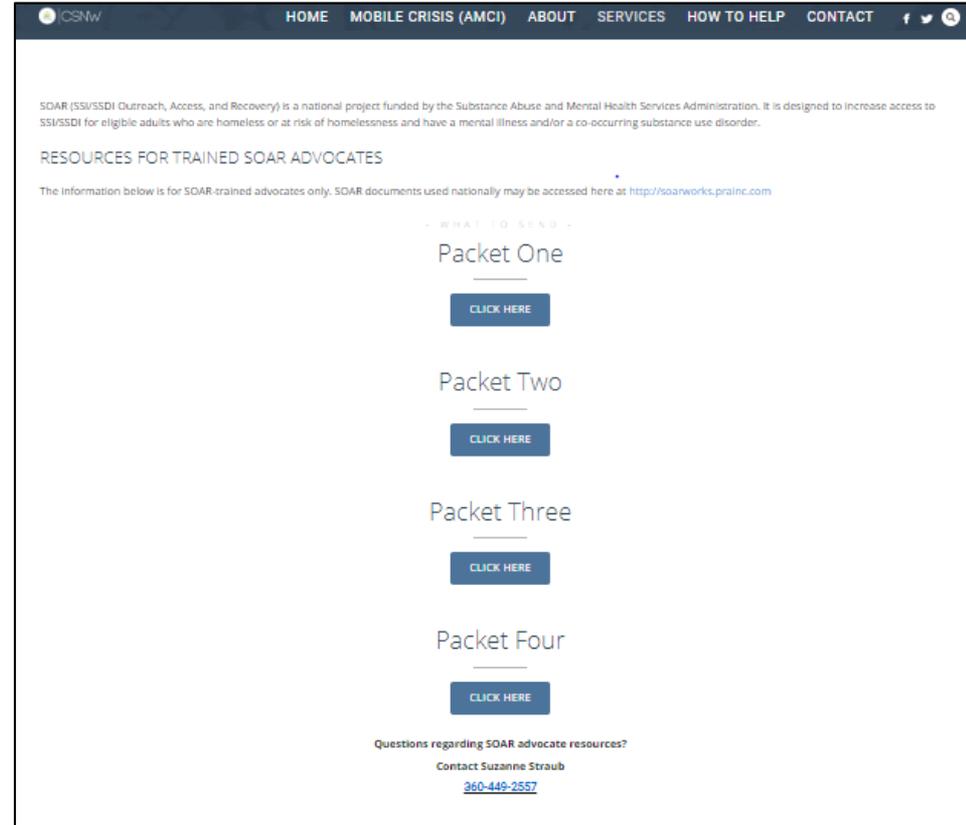

January 2019 marks other changes that will happen based on the increase in the national average wage index. Want to know your new benefit amount as soon as possible? In December 2018, SSA will post Social Security COLA notices online for retirement, survivors, and disability beneficiaries who have a [mySocialSecurity](#) account. You will be able to view and save these COLA notices securely via the Message Center inside [mySocialSecurity](#). This year, you will also still receive your COLA notice by mail. In the future, you will be able to choose whether you receive your notice online instead of on paper. Online notices are not available to representative payees.
